Eight Maniilaq Service Area Residents Test Positive for COVID-19

August 9, 2021, 9:00 am – A Kotzebue resident tested positive for COVID-19 on August 4th. The individual is symptomatic and is linked to a known positive case. They are in isolation outside of the Maniilaq service area and have been out of the region for over a week.

Four Kobuk residents tested positive for COVID-19 on August 6th. The individuals are symptomatic and are linked to a known positive case. They are in isolation in Kobuk.

A Kotzebue resident tested positive for COVID-19 on August 6th. The individual is symptomatic and is linked to a known positive case. They are in isolation in Kotzebue.

A Selawik resident tested positive for COVID-19 on August 6th. The individual is symptomatic and is linked to a known positive case. They are in isolation outside of the Maniilaq service area and have been out of the region for over two weeks.

A Point Hope resident tested positive for COVID-19 on August 7th. The individual is asymptomatic and is not linked to a known positive case. They are in isolation in Kotzebue.

While some communities throughout the Maniilaq service area may not have *known* active positive COVID-19 cases currently, it is important to continue to stay vigilant and follow recommended preventative measures.

We need your help in keeping the case count low. We all play a part in keeping our loved ones safe. **The power of simple tools such as getting vaccinated, social distancing, avoiding gatherings, wearing a mask and hand washing make a difference.**

Maniilaq Public Health Nursing is working with the State to conduct contact tracing and will reach out to anyone who may have come into significant contact with these cases. If residents believe they have been exposed to COVID-19 and develop a fever and symptoms, such as a dry cough or difficulty breathing, call your healthcare provider for medical advice or call Maniilaq's COVID-19 Hotline at 833-442-7015. The following symptoms may appear 2-14 days after exposure:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle pain or body aches
- Headache
- Sore throat
- New loss of taste or smell
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
